## Education

---

---

### **Ph.D., Urban and Regional Studies** **1984**

Massachusetts Institute of Technology

Environmental planning and policy, risk management, and conflict resolution

Dissertation: *Coping with Conflicting Perceptions of Risk in Hazardous Waste Facility Siting Disputes*

### **M.C.P., City and Regional Planning** **1978**

University of California, Berkeley

Land use planning and land economics

Thesis: *Public Regulation of Residential Development: Impacts on Competition in the Housing Industry*

### **B.S., Urban Studies; B.S., Architecture** **1974**

Massachusetts Institute of Technology

Urban design

Thesis: *The Visitor at the Museum of Fine Arts: Designing for Movement Patterns and Information Needs*

---

---

## Academic Positions

---

---

### **Georgia Institute of Technology** **1984 -**

**Associate Professor** Jointly Appointed to the City and Regional Planning Program and the School of Public Policy 1991 –

**Director** Masters of City and Regional Planning Program 2014 –

**Associate Director** 2010 – 2013

**Director** Center for Quality Growth and Regional Development

**PhD Program** School of City and Regional Planning 2000 – 2010

**Director** (previously titled Coordinator of PhD Studies for the City and Regional Planning Program)

**Co-Founder** *Consortium on Negotiation and Conflict Resolution* (an inter-university theory-building and education center) 1987 –

- Associate Director (1987 – 1995)

	<ul style="list-style-type: none"> <li>• Director of Research (1995 – 2002)</li> <li>• Executive Committee (1995 – present)</li> </ul>	
<b>Co-Founder and Co-Director</b>	<i>Southeast Negotiation Network</i> (a public policy mediation center) <ul style="list-style-type: none"> <li>• Co-Founder and Co-Director, with SNN operated as a university center (1986 – 1994)</li> <li>• Principal and Director, with SNN operated as a private firm (1994 – present)</li> </ul>	1986 – 1994
<b>Interim Program Co-Director</b>	City and Regional Planning Program	2006 – 2007
<b>Assistant Professor</b>	Graduate City Planning Program	1985 – 1991

### University of Iowa

<b>Visiting Professor</b>	Convened and co-taught <i>Dispute Resolution</i> at the Graduate Program in Urban and Regional Planning	Spring, 1987
---------------------------	---	--------------

### Massachusetts Institute of Technology

<b>Instructor</b>	Taught graduate and undergraduate courses in environmental impact assessment, conflict resolution and democracy in the Department of Urban Studies and Planning	1980 – 1984
<b>Instructor</b>	Convened and co-taught an Urban Design Symposium for professional planners and architects in the Harvard Graduate School of Design and the MIT Laboratory for Architecture and Planning	June, 1979 – 1981

## Research and Scholarship

	Title	Role	Dates	Directly Managed Funds		Project Description
				Source	Amount	
1.	Scaling Up Poor Women's Action in Climate Resilience: Developing a Sustainable Model for South Asia	PI	4/19 – present, with contract under negotiation as of 9/19.	Mahila Housing SEWA Trust	\$21,684.07	Develop and work with the in-country research team to implement the monitoring and evaluation component of the project. Assist in the conceptual design of and implementation strategies for the project.

Title	Role	Dates	Directly Managed Funds		Project Description
			Source	Amount	
2. Serve-Learn-Sustain Initiatives	PI	1/18 – present	Georgia Tech Serve-Learn-Sustain	\$2,000 ('19) \$ 500 ('18) \$3,000 ('18)	A series of projects designed to expand opportunities for student in sustainability initiatives (particularly around community health and sustainable food systems) and in civic engagement.
3. Outdoor Defecation and Healthy Sanitation Practices amongst Adolescent Girls in Ahmedabad India	PI	6/17 – present	Mahila Housing SEWA Trust, as part of a DASRA Giving Circle project	\$44,027	Serve as lead researcher to evaluate the impact of the MHT-led program that seeks to build capacity of adolescent girls in the management of water and sanitation within slums.
4. Women's Action towards Climate Resilience for Urban Poor in South Asia	PI	1/16 – present	Mahila Housing SEWA Trust, as part of a \$1,000,000 Global Resilience Partnership grant from Rockefeller Foundation, US AID, and the Swedish International Development Agency	\$49,819	Serve as lead researcher to evaluate the impact of the MHT-led program that seeks to build capacity of women residents of 100 slums located in seven cities in India, Bangladesh and Nepal to more effectively cope with climate change impacts on heat stress, water availability, flooding and vector-based disease. Also serve on the management team for the overall program and advise MHT on environmental components of the program.
5. Equity Impacts of Sustainable City Initiatives: Issues of Voice through Civic Engagement and Displacement through Gentrification Project		8/16 – present	Unfunded scholarship		A 14-city matched paired study of cities with high policy and planning commitment to sustainability compared to similar cities with low policy and planning commitment to sustainability, relative to the equity impacts of city policy and plans on low-income communities.

	Title	Role	Dates	Directly Managed Funds		Project Description
				Source	Amount	
6.	The Consortium on Negotiation and Conflict Resolution	PI	7/91 – present	Various contributions made through the Georgia Tech Foundation	\$58,100	Support of the educational and research missions of the Consortium for the promotion of collaborative decision making and conflict management in public policy and complex organizations.
7.	Studio Project on the Siting and Design of Public and Charter Schools in Georgia	PI	7/14 – 6/15	The Georgia Conservancy	\$5,000	Investigation into the impacts of school siting and design on community planning and development and options for more effective integration.
8.	The Impact of Civic Engagement on Sustainable Development: Chattanooga and Seattle Citizen Participation Study	PI	7/14 – 6/15	Georgia Tech Faculty Development Funds	\$5,000	To explore the link between civic engagement and sustainability, with a particular emphasis on the impact of civic engagement on moving cities beyond traditional sustainability goals (that emphasize environmental-economic values) to more holistic goals (that integrate equity concerns explicitly into the environmental-economic-equity balance).
9.	Case Assessment of Planning Systems in the US, Canada, UK, and Netherlands (US case study)	Project Lead	1/14 – 9/15	Israeli Ministry of the Interior	\$14,900	The Ministry is in the throes of transitioning from a top-down state-run planning system to a system that relegates more responsibility to the municipal level. The cases are designed to help the MOI understand planning processes, laws and institutions in countries with more decentralized planning.

	Title	Role	Dates	Directly Managed Funds		Project Description
				Source	Amount	
10.	Development & Implementation of a Decision Support Tool for the Atlanta BeltLine	Co-PI	02/11 – 12/12	Atlanta Beltline, Inc. (ABI)	\$159,257	To design and build a Decision Support Tool to measure the impact of ABI and ensure accountability for effective and equitable implementation of the BeltLine, building upon and coordinating with planning activities conducted through BeltLine community engagement and planning processes.
11.	Atlanta BeltLine Eastside Trail: Population Comparison Measuring Changes in Behavior Related to Health	Investigator	2/12 – 12/12	Kaiser Permanente	\$34,996	To utilize surveys to assess how a sample of the surrounding population responds behaviorally to the construction of the walking and cycling trail.
12.	Incorporating the Practice of Health Impact Assessment into Georgia Public Health Agencies	Co-PI	12/11 – 6/13	Georgia Department of Community Health, Division of Public Health Promotion and Disease Prevention Program	\$79,882 With \$40,886 added in 5/13	To provide HIA training to state and regional DPH staff, to conduct two model HIAs with DPH staff, and to provide technical assistance to DCH and training participants as needed to increase their knowledge of HIA, the use of HIA, and ways to implement an HIA in communities.
13.	Health Benefits of the Atlanta BeltLine Eastside Trail: A Pre-Post Impact Assessment	Investigator	2/11 – 10/11	Beltline Partnership	\$51,251	To document existing conditions before construction and measure and enhance the potential health benefits associated with construction of a walking and cycling trail along the northeastern portion of the Atlanta BeltLine corridor.

	Title	Role	Dates	Directly Managed Funds		Project Description
				Source	Amount	
14.	Health Impact Assessment (HIA) of the Atlanta Regional Plan 2040	Investigator	7/10 – 6/13	Pew Charitable Trust	\$145,000, with \$22,344 additional funding added in 2012	To assess health impacts of Plan 2040, to integrate the HIA process into the larger planning process to the greatest extent possible, and to develop a prototypical approach to conducting regional HIAs.
15.	Health Impact Assessment (HIA) on the Aerotropolis Atlanta Brownfield Redevelopment Project	Investigator	4/10 – 12/11	Pew Charitable Trust	\$146,000	to conduct a comprehensive HIA on the brownfield remediation and redevelopment procedures associated with the Aerotropolis project, with extensive stakeholder participation and technical assistance
16.	Estimating Safety Benefits of Context-Sensitive Design (CSD)	Investigator	3/10 – 10/11	Georgia Department of Transportation	\$160,534	To evaluate and document efforts to incorporate CSD into transportation planning, nationally and within Georgia, and to recommend approaches to more effective integration within Georgia.
17.	Assessment and Community Revitalization at 10th and Monroe	Co-PI	10/10 – 5/12	US Micro	\$20,000	To assess the regulatory and physical environment and facilitate community engagement for revitalization and redevelopment at 10th and Monroe.
18.	Health Impact Assessment (HIA) on the Aerotropolis Atlanta Brownfield Redevelopment Project	Investigator	04/10 – 12/12	Pew Charitable Trust	\$146,000	to conduct a comprehensive HIA on the brownfield remediation and redevelopment procedures associated with the Aerotropolis project, with extensive stakeholder participation and technical assistance
19.	EPA Green Buildings Codes Workshop	PI	2/09 – 4/09	USEPA, Office of Policy, Economics and Innovation	\$9,100	Strategic planning and outreach efforts to expand and evaluate partnerships between EPA and building industry and code enforcement stakeholder groups, and to develop strategic directions for EPA efforts in promoting green buildings.

	Title	Role	Dates	Directly Managed Funds		Project Description
				Source	Amount	
20.	Georgia State College of Law Curriculum Reform	PI	6/08 – 10/08	Georgia State University College of Law	\$8,000	Faculty retreat to evaluate the current curriculum and to design a process for future reform.
21.	Building Collaborative Partnerships in Environmental Risk Management	PI	12/06 – 1/08	USEPA, Offices of Air Quality Planning and Standards and of Policy, Economics, and Innovation	\$34,000	Strategic planning and outreach efforts to expand and evaluate environmental partnerships between EPA and community groups.
22.	Building Collaborative Planning in Georgia	PI	05/07 – 09/07	Fanning Institute, University of Georgia	\$7,500	Strategic planning effort to promote collaborative leadership in Georgian communities.
23.	The impact of dispute resolution frames on identity, characterization, social control and risk perception frames in Chattanooga	PI	7/03 – 2/07	Georgia Tech Foundation	\$7,900	Research into civic dialogue, sustainability and the potential for resolving environmental justice disputes.
24.	Coastal Permit Coordination Initiative	PI	5/05 – 6/06	The Georgia Conservancy	\$9,000	Process designer and facilitator for a collaborative stakeholder process designed to identify problems and opportunities associated with improving coastal development permit coordination.
25.	Israeli-Palestinian Joint Environmental Mediation Service (JEMS)	Principal	2/00 – 3/06	CBI	\$42,000	Under the auspices of the Consensus Building Institute, helped initiate JEMS, a program to train and mentor Israeli and Palestinian professionals to serve as mediators, with a particular emphasis on creating Israeli-Palestinian co-mediation teams to help resolve environmental and planning disputes between Israelis and Palestinians.
26.	Evaluation of the Impact of Facilitation on Planning and Decision Making in Brownfield Pilot Projects	PI	9/99 – 12/05	U.S. Environmental Protection Agency	\$80,000	Evaluate the impact of facilitators and other third party neutrals on the effectiveness of brownfield pilot projects in efforts to improve stakeholder involvement and clean-up contaminated sites.

	Title	Role	Dates	Directly Managed Funds		Project Description
				Source	Amount	
27.	Societal Effects Of Collaborative Decision-Making In Florida: The Impact Of Environmental Conflict Resolution Institutions On Public Choice, Civic Culture and Environmental Management Systems	PI	1/02 – 5/04	William and Flora Hewlett Foundation	\$75,000	Developed research protocols aimed at exploring the higher-order impacts of consensus processes and the systematic institutionalization of these processes into public policy and court-based decision processes.
		PI	7/01 – 6/02	Georgia Tech Foundation	\$6,679	
28.	The Framing of Intractable Environmental Conflicts	Georgia Tech PI	6/01 – 9/03	William and Flora Hewlett Foundation	\$37,609	Worked with a consortium of researchers (from across the US) to examine the impacts of cognitive and cultural frames (or lenses) on the intractability of environmental conflicts. Conducted research for the Chattanooga case.
		Georgia Tech PI	9/97 – 5/01		\$27,800	
29.	Inter-University Consortium on Negotiation and Conflict Resolution	PI	11/97 -6/01	William and Flora Hewlett Foundation	\$120,000	Funding for an inter-university consortium that focuses on theory building and research in the field of multi-party conflict, conflict resolution, and the institutionalization of conflict resolution into complex, public organizations.
		PI	5/94-11/97		\$200,000	
		PI	5/92-4/94		\$200,000	
		PI	5/90-4/92		\$160,000	
		PI	1/89-4/90		\$25,000	
30.	Environmental Dispute Resolution in Israel	PI	7/98-6/00	U.S. Ambassador to Israel, Israel Center for Negotiation and Mediation; Consensus Building Institute	\$16,000	Conducted a training course for Israeli and Palestinian environmental mediators. Guided a process of conflict assessment and dispute systems design for resolving solid waste disputes in Israel. Helped develop and manage a national conference on environmental dispute management.
31.	Evaluation of the Impact of the Board of Regents Dispute Resolution Initiative	PI	9/97 – 10/01	Georgia Board of Regents and the Consortium on Negotiation and Conflict Resolution	\$52,000	Evaluate the impact of the Board of Regents Dispute Resolution Initiative on the conduct and management of disputes within the Georgia University System.

	Title	Role	Dates	Directly Managed Funds		Project Description
				Source	Amount	
32.	Evaluation of Project XL Stakeholder Involvement Processes	PI	7/98-1/01	U.S. Environmental Protection Agency	\$68,700	Evaluate the effectiveness of EPA's efforts to improve stakeholder involvement in XL project planning and decision making.
33.	Evaluation of Non-Road Engine Regulatory Negotiation	PI	9/97-9/00	U.S. Environmental Protection Agency	\$24,500	Evaluate the US EPA's effort to build consensus amongst stakeholders (industry, environmental and consumers) concerning the regulation of emissions from small, non-road engines.
34.	Evaluation of Conflict Resolution Training Effectiveness	PI	12/97-8/98	U.S. Environmental Protection Agency	\$9,000	Evaluate the US EPA's efforts to improve negotiation and community involvement skills within the Community Based Environmental Protection Program.
35.	Environmental Dispute Resolution in Germany	Process Consultant	1993 – 1997	Wissenschaftszentrum Berlin für Sozialforschung	\$22,000	Explore the transferability of U.S. environmental mediation experience to Germany.
36.	Blueprint Midtown	PI	3/97-9/97	Midtown Alliance	\$15,120	Support the Midtown Community Problems Course work in urban dynamism and pedestrianization, as part of a larger planning effort for Midtown Atlanta.
37.	Fostering Pollution Prevention in Mid-Sized Firms: Strategies for More Effective Technology Transfer	PI	9/94 - 9/98	Georgia Pollution Prevention Assistance Division	\$38,178	Design environmental technology transfer strategies aimed at mid-sized firms by examining environmental decision making within firms and the impact of public policy on such decisions.
		PI	8/94 - 7/95	U.S. EPA	\$9,999	
		PI	7/92 - 11/95	U.S. EPA (Hazardous Substance Research Center)	\$39,938	
		Co-PI	1/93 - 9/94	Georgia Dept. of Natural Resources	\$37,500	

Title	Role	Dates	Directly Managed Funds		Project Description
			Source	Amount	
38. Symposium on the Impact of Public Policy Conflict Resolution Research	Co-PI	10/94-12/95	Fund for Dispute Resolution	\$20,000	Co-organize and chair a symposium on and critical review of current research in the public policy dispute resolution field, and its linkage to policymaking
39. Nicaraguan Property Disputes	Associate	10/94 - 4/95	The Carter Center, United Nations Development Programme, and the Government of Nicaragua	\$7,500	Design of dispute management systems to resolve conflicts over property ownership; ownership of 20% of the land in Nicaragua is disputed, thereby impeding investment and promoting political conflict.
40. Evaluation of Facility Siting Mediation Requirements of the Georgia Solid Waste Management Act	PI	7/93- 9/95	Georgia Department of Community Affairs	\$5,000	Evaluate the impact of mediation on efforts to site solid waste management facilities in Georgia, recommend changes to the Solid Waste Management Act; assess the impact of institutionalization on the effectiveness of public policy mediation.
	PI		Hewlett Foundation	\$8,500	
41. Evaluation of Regulatory Negotiation for Carpet-Generated Indoor Air Emissions	PI	7/92- 12/93	U.S. Environmental Protection Agency	\$24,100	Evaluate the U.S. EPA sponsored Carpet Indoor Air Emissions Dialogue; recommend improvements in the use of negotiation and policy dialogues for establishing regulations.
42. Environmental Management and Dispute Resolution in Kazakhstan	PI	8/92-9/93	U.S. Information Agency	\$197,535	Kazakhstan: Develop local government and public administration infrastructure for the Tengiz Oil Region of Western Kazakhstan
43. Environmental Management and Dispute Resolution in Estonia and the Baltic States	Associate	9/91-6/97	U.S. Institute for Peace (3 grants)	\$42,500	The Baltic States, with emphasis on Estonia: Training and consultancies on environmental management and policymaking with national Environmental and Economic ministries and with regional environmental advisors (11/91, 3/92 & 2/94)
44. Environmental Management and Dispute Resolution in Russia	Associate	9/91-12/91	Search for Common Ground	\$8,250	Russia: Consultancies with the St. Petersburg City Council Ecological Commission and Lenkompriroda (regional planning); presentations before UNESCO/UNEP/ UNDP International Seminar on EIAs in Moscow.

Title	Role	Dates	Directly Managed Funds		Project Description
			Source	Amount	
45. Impact of Growth Management on Housing Markets	PI	11/88-9/89	Worley, Schwartz, Garfield and Rice	\$15,000	Assess the impacts of growth management strategies on housing prices in California.
46. Southeast Regional Groundwater Protection Strategy	Co-PI	9/93 9/92-12/93 9/92-10/93 9/91-4/92	U.S. Environmental Protection Agency	\$19,800 \$65,000 \$18,638 \$20,000	Organize and facilitate a series of consensus-building workshops involving state and federal groundwater specialists for the purpose of developing state-federal strategies for groundwater protection. Worked with Alabama to help develop a state-wide strategy for groundwater protection
47. Atlanta Parks Management Planning	Co-PI	9/91-4/92	The Mayor's Green Ribbon Committee	\$11,022	Organize and facilitate a community congress on issues of park management and priorities.
48. Neo-tropical Migratory Bird Conservation Program	Co-PI	10/90-3/91	National Fish and Wildlife Foundation	\$39,768	Organize and facilitate a policy dialogue involving federal, state and non-profit specialists; draft an inter-agency program for managing these species.
49. Citizen Participation in Comprehensive Growth Management Planning	Co-PI	7/90-3/92	Gwinnett County Department of Planning	\$37,600	Facilitate a community-wide participation and consensus building process for input into comprehensive and infrastructure planning.
50. Cobb County Historic Preservation Program	Co-PI	8/90-11/91	Cobb County Board of Commissioners	\$48,600	Provide technical support and facilitate a consensus building process to develop a county-wide Historic Preservation Program.
51. Improving Access to Health Care in Georgia	PI	7/90-2/92	The Access to Health Care Commission of the Georgia General Assembly	\$33,500	Assist the Commission develop recommendation for improving access to health care for the 20% of state residents who are under served.
52. Atlanta Arts and Cultural Planning Process	Co-PI	4/90-11/90	Atlanta Bureau of Cultural Affairs	\$22,000	Develop a Blueprint for Action for the cultivation and support of art and artists in Atlanta.
53. Red-Cockaded Woodpecker Management Summit	Co-PI	3/90-6/90	National Wildlife Federation	\$5,930	Organize and facilitate a scientific summit on this endangered species to focus on current knowledge and implications for forest management.

Title	Role	Dates	Directly Managed Funds		Project Description
			Source	Amount	
54. Solid Waste Management Planning and Analysis for the City of Atlanta	PI	8/89-2/91	Atlanta City Council	\$39,800	Provide mediation and technical support to the Atlanta Solid Waste Advisory Commission. Assess waste management planning in 50 cities across the United States
55. Higher Education Teaching Materials Grant: Historic Preservation Planning Process	PI	12/89-5/90	National Institute for Dispute Resolution, with Georgia Tech match	\$8,000	Analyze interaction and process patterns in a complex public policy mediation effort and develop teaching case materials and training exercises.
56. Project 2000	PI	11/89-5/90	City Manager's Office of Dalton	\$16,150	Assist city and county officials negotiate a cooperative management plan for growth and development in the region.
57. Affordable Housing Strategies for Metropolitan Atlanta	Co-PI	9/89-11/89	Atlanta Housing Resource Center	\$2,500	Facilitate development of a strategic plan for addressing affordable housing issues for the metropolitan area.
	Co-PI	9/88-12/88	Metropolitan Atlanta Foundation	\$1,500	
58. Big Cypress National Preserve	PI	5/89-5/90	U.S. National Park Service and the State of Florida	\$29,880	Assist the Park Service and the Commission to develop a consensus agreement concerning the Preserve General Management Plan and its implementation
59. Building the Livable City	PI	11/86-5/89	The National Endowment for the Arts, with Georgia Tech match	\$75,000	Analyze municipal efforts to achieve excellence in urban design and the factors leading to success.
60. Atlanta Solid Waste Management Project	Co-PI	9/87-4/88	Atlanta City Council	\$5,000	Design and facilitate a public education forum. Initiate a planning process for solid waste management in Atlanta.
61. Atlanta Historic Preservation Program	PI	3/87-9/88	National Trust for Historic Preservation and local sponsors	\$27,450	Design and implement a mediated historic preservation planning process for Atlanta leading to a complete legislative rewrite.
62. Overcoming Barriers to Greater Private Sector Involvement in Transportation	RA	7/86-4/88	U.S. Urban Mass Transportation Administration	\$7,300	Investigate private sector provision of mass transit and barriers preventing expansion of such involvement.

	Title	Role	Dates	Directly Managed Funds		Project Description
				Source	Amount	
63.	Douglasville Quality of Life Central Development Study	Co-PI	2/86-3/87	City of Douglasville	\$19,500	Recommend a strategy for revitalizing the downtown through urban design, economic development, and transportation improvements.
64.	Central Area Study of Atlanta	RA	3/85-7/85	Central Atlanta Progress	\$3,750	Scope issues and design planning process for the \$350,000 Central Area Study sponsored by CAP and the City of Atlanta.
65.	Hazardous Waste Management Study	RA	5/84-12/84	Tufts University Center for Environmental Management (direct contract)	\$18,200	Develop research designs for three fields of hazardous waste management, including state siting processes, corporate waste management practices, and local opposition to siting hazardous waste facilities.
66.	Environmental Risk Management and Facility Siting Project	Research Fellow	9/81-5/84	Joint Center for Urban Studies of MIT and Harvard, Hewlett Foundation, Mellon Foundation	\$31,500	Conduct gaming-simulation, case and opinion survey studies of public decision making for the management of environmental and health risks associated with hazardous industrial facilities.
67.	Analysis of European Efforts to Involve Citizens in Neighborhood Revitalization and the Management of Urban Services	Asst. Project Director	9/78-12/80	The German Marshall Fund	\$130,000	Coordinate the grantsmanship, research program and reporting for 15 case studies of citizen participation in Europe.
68.	Patterns of Urban Growth Control Regulation	RA	9/76-5/77	Institute of Urban and Regional Development, Univ. of Cal. Berkeley	\$6,300	Conducted analytic studies of land markets and growth control regulations.
69.	The Local Impact of the Massachusetts Growth Policy Act	RA	6/76-9/76	Department of Urban Studies, MIT	\$8,500	Based on statewide interviews of local officials and citizens, evaluated the local impact of Massachusetts's growth policy act.
70.	Resource Conservation and Development Strategies for Maine	RA	5/74-9/74	MIT and Maine State Bureau of Public Lands	\$4,800	Based on stakeholder interviews, developed scenarios for the management of resource-intensive development projects and their implications for statewide governance.

Title	Role	Dates	Directly Managed Funds		Project Description
			Source	Amount	
71. The Effect of Government Involvement in Housing on Social Interaction in Communities	Co-PI	5/73-9/73	National Science Foundation, Student Originated Studies Program	\$43,500	Co-manage a team of 8 undergraduate student researchers. Study the effects of government housing on recipients' primary and secondary social networks.
			as PI	\$2,028,968	
			as Co-PI/Project Director	\$847,883	
			as Associate or Researcher	\$677,381	
			<b>TOTAL FUNDED RESEARCH</b>	<b>\$3,554,232</b>	

## Additional Research Experience

Research and Scholarship, with funding in excess of three and a half million dollars between 1979 and the present, largely focused on issues of dispute resolution, political process and environmental decision making. Relevant positions include:

- Co-Director and Principal Investigator** **Consortium on Negotiation and Conflict Resolution, of the Georgia Institute of Technology, Georgia State University and the University of Georgia, 1987 – 2003.** Funding Source: The William and Flora Hewlett Foundation for grants totaling \$705,000. Direct the research and education initiatives of the Consortium as they apply to issues of public policy disputes and dispute resolution. The Consortium focuses on multi-party conflicts through research, education and seminar programs associated with the sources and resolution of conflicts in fields of public policymaking, organizational decision making and international affairs.
- Research Associate** **Hazardous Waste Management Study.** 1984. Tufts University Center for Environmental Management. Develop research designs for three fields of hazardous waste management, including state siting processes, corporate waste management practices, and local opposition to siting hazardous waste facilities.
- Research Fellow** **Environmental Risk Management and Facility Siting Project.** 1981 – 1984. Joint Center for Urban Studies of MIT and Harvard, Hewlett Foundation, Mellon Foundation. Conduct gaming-simulation, case and opinion survey studies of public decision making for the management of environmental and health risks associated with hazardous industrial facilities.
- Assistant Research Director** **Analysis of European Efforts at Citizen Participation and Action in Neighborhood Revitalization and the Management of Urban Services.** 1978 – 1980. The German Marshall Fund. Coordinated the grantsmanship, research program and reporting for 15 case studies of citizen participation in Europe.

## Conferences and Presentations

---

---

### Conferences and Symposia Organized

1. Member, Conference Planning Committee, Environment and Public Policy Section of the Association for Conflict Resolution Annual Conference on *Seeking Sustainability Through Collaborative Governance: Using the Full Spectrum of Collaborative Techniques, From Public Engagement to Shared Decision Making*, June 28 – 30, 2011 in Portland OR.
2. Conference Committee Co-Chair, *Managing Climate Change through Collaborative Governance* Conference (Association for Conflict Resolution's Environment and Public Policy Annual Conference), June 11-13, 2009 in Denver CO.
3. Conference Committee Member, Association for Conflict Resolution's Environment and Public Policy Annual Conference, May 19, 2008 in Tucson, AZ.
4. Conference Committee Chair, Association for Conflict Resolution's Environment and Public Policy Annual Conference, June 7 – 9, 2007 in West Palm Beach, FL.
5. Co-Organizer and Workshop Team Leader for Land Corridor Issues, *Workshop on the Southeast US Regional Planning and Sustainability*, sponsored by the Department of Defense to examine the relationship between Defense Department installations and the communities in which they reside and to promote more sustainable efforts to plan for and manage land use and environmental quality at the regional scale. April 25 – 27, 2007 in Atlanta GA.
6. Program Design Committee and Lead Facilitator, *White House Conference on Cooperative Conservation*. As the fourth White House conference to focus on conservation in the nation's history, the conference was established by Executive Order to promote natural resource and environmental conservation through more effective partnerships with state and local governments, tribes, nongovernmental organizations and individuals. A team of nine lead facilitators worked with the Conference Design Team to organize and manage dialogue amongst 1,200 invited participants. August 29th – 31, 2005. The results are available at <http://www.conservation.ceq.gov/>.
7. Co-Organizer, *In Celebration of Larry Susskind: Thirty-Five Years as a Teacher and Mentor*, an interactive workshop focused on the intellectual and academic contributions to the fields of citizen participation, collaborative planning and conflict resolution, June 26 – 27, 2005.
8. Co-organizer, Conference on the Use and Abuse of Science in the Resolution of Environmental Disputes, sponsored by the Consortium on Negotiation and Conflict Resolution, Athens, GA, May 21 – 22, 2004.
9. Working with other members of the Consortium on Negotiation and Conflict Resolution and the Permanent Court of Arbitration (in The Hague) to help the PCA initiate a program for resolving international environmental disputes. All signatories to the Hague Conventions (108 nations) have appointed a representative to both the Panel of Neutrals and the Panel of Environmental Experts. CNCR and PCA will introduce these representatives to each other and to the concepts of conflict resolution (both arbitration and mediation) through a CNCR-sponsored five-day workshop, to be held in Athens GA in the spring of 2004.

10. Co-organizer: the workshop on Building National and Regional Conflict Resolution Systems, sponsored by the Consortium on Negotiation and Conflict Resolution, and presented “Creating Dispute Management Systems for Resolving Land Tenure Disputes in Nicaragua” (Atlanta, GA March 30-31, 2001).
11. Organizer: the *Framing of Environmental Conflicts: Practitioners and Theorists Dialogue* (September 15, 2000), a one-day dialogue between researchers and alternative dispute resolution practitioners concerning the impact of cognitive and cultural framing on the intractability of environmental conflicts and the applicability of research toward resolving these disputes.
12. Co-organizer and presenter: in *Framing of Environmental Conflicts: Federal Agency Officials and Theorists Dialogue*. November 16 – 17, 2000), a two-day dialogue between researchers and environmental agency officials concerning the impact of cognitive and cultural framing on the intractability of environmental conflicts and the applicability of research toward resolving these disputes.
13. Member of the Planning and Coordinating Committee of the *Hewlett Conference on Negotiation Pedagogy* at Harvard University. This invitational conference (March 9-12, 2000) involved 100 negotiation theorists and teachers from across the country. The conference examined approaches to pedagogy, innovative teaching methods, and evaluation of the impact of these methods. Also, co-presented a three hour workshop on Innovative Pedagogical Techniques in the Teaching of Negotiation.
14. *Evaluation of ADR Practices and Institutions*. (November 1999) helped organize and conduct a joint theory-practice symposium, with a focus on evaluating the Florida experience with environmental and court-annexed ADR.
15. Co-Organizer (with Doug Yarn) a national research symposium on *Managing Disputes in the University Setting* (May 8-9, 1998). Sponsored by the Chancellor of the University System of Georgia, national administrators and researchers explored current research findings and discussed their implications for designing dispute management systems in universities.
16. Member of the Planning Committee for the Environmental and Public Policy Dispute Resolution Researcher/Practitioner Roundtable (to promote more effective links between researchers and practitioners in the field), Sponsored by RESOLVE and held in Washington DC in June 1997.
17. Co-Organizer and Co-Convener (with Doug Yarn and Greg Bourne), Southeast Conference on Environmental Policy-Making and Dispute Resolution, sponsored by the Consortium on Multi-Party Conflict Resolution. May 1995.

### **Sponsored Keynote Presentations**

18. Michael Elliott (2011), invited plenary on “Effective Monitoring and Evaluation: What Should I Be Doing Now?” presented at the Health Impact Project Annual Meeting, January 26<sup>th</sup> in Washington DC.
19. Michael Elliott, Tamra Pearson d’Estree, and Herman Karl (2009), invited plenary on “Managing Climate Change through Collaborative Decision Making and Governance: Addressing Policy Challenges Globally and Locally” presented at the Association for Conflict Resolution Annual Conference, October 8<sup>th</sup> in Atlanta GA.
20. “Stakeholder Involvement in Building Performance-Based Environmental Management”. Presented at the State-EPA Symposium on Environmental Innovation and Results, January 25, 2006. Denver CO, US EPA sponsored presentation.
21. “Collaborative Decisions in a Fractured Metropolis: Institutional and Process Innovations for the Management of Conflict Resulting from Demographic Shifts and Spatial Transformation” Presented at

- the Demographischer Wandel: Strategien Für Die Räumliche Planung (Demographic Change: Strategies for Urban Planning), November 15, 2005. Berlin Germany. U.S. Embassy Invited Scholar.
22. U.S. Embassy sponsored workshop on “Building Collaboration Amongst Metropolitan Communities in the United States” presented at the Amerika Haus, U.S. Embassy, November 15, 2005. Berlin, Germany. U.S. Embassy Invited Scholar.
  23. “Community Discourse and the Creation of Sustainable Urban Places: Building Civic and Mediative Capacity in Urban Design” presented to the Germany Academy of Architects, November 16, 2005, Munich, Germany. U.S. Embassy Invited Scholar.
  24. “Collaborative Decisions in a Fractured Metropolis: Emerging Patterns of Metropolitan Governance in the United States” presented at the U.S. Consulate Office, November 17, 2005, Heidelberg, Germany. U.S. Embassy Invited Scholar.

### **Conference and Symposia Presentations**

25. Michael Elliott (presenter and lead author), Veena Iyer, Vanishree Herlekar, and Dharmistha Chauhan (2018). *Empowering women residents to manage health impacts of climate change in South Asian informal settlements*. Presented at the 15th International Conference on Urban Health, Kampala, Uganda, November 28.
26. Michael Elliott and Vani Herlekar (2018), *Measuring and Evaluating Improvements to Climate Resilience in the Slums of India, Bangladesh and Nepal*. Presented at the Global Resilience Partnership Webinar on Resilience Measurement, May 17.
27. Michael Elliott (2018). Women's Action towards Managing Health Impacts of Climate Change Affecting Urban Poor in South Asia. Georgia Tech: Healthy Places Research Group, February 20.
28. Michael Elliott (presenter and lead author), Veena Iyer, and Dharmistha Chauhan (2017). *Women's Action towards Managing Health Impacts of Climate Change Affecting Urban Poor in South Asia*, presented at the 14th International Conference on Urban Health, September 27 in Coimbra, Portugal.
29. Michael Elliott (2017). *Equity Impacts of Sustainable City Initiatives: Issues of Voice through Civic Engagement and Displacement through Gentrification*, presented at the 57th Annual Conference of the Association of Collegiate Schools of Planning, October 13<sup>th</sup> in Denver CO.
30. Michael Elliott (2016). “Women’s Action towards Climate Resilience for Urban Poor in South Asia,” presented at the 56<sup>th</sup> Annual Conference of the Association of Collegiate Schools of Planning, November 6<sup>th</sup> in Portland OR.
31. Michael Elliott (2016). “The Atlanta Beltline Decision Support Tool: Integrating Stakeholder Involvement and Technical Design,” presented at the Symposium UPE 12, Cities for Us: Engaging Communities and Citizens for Sustainable Development, International Urban Planning and Environment Association, June 1<sup>st</sup> in Lisbon Portugal.
32. Michael Elliott (2015). Organizer and presenter for the Georgia Planning Association Conference Session on *Integrating School Planning and Siting with Community Planning*, September 9<sup>th</sup> in Savannah, GA.
33. Michael Elliott, Deborah Shmueli and Uri Avin (2014). “Centralized vs. Decentralized Land Use Planning Systems: Cross-National Comparisons” presented at the ACSP National Conference, November 2<sup>nd</sup> in Philadelphia.
34. Michael Elliott (2014). “Constructing a Multi-Attribute Decision Support Tool for the Atlanta Beltline: Integrating Stakeholder Involvement and Technical Design” Organizer and presenter for the American Planning Association National Conference Session, April 27<sup>th</sup> in Atlanta GA. Other presenters: Catherine Ross, Beth McMillan, and Ryan Gravel.

35. Michael Elliott, Catherine Ross, and Myungje Woo (2012). “Constructing and Implementing a Multi-Attribute Decision Support Tool for the Atlanta Beltline: Integrating Stakeholder Involvement and Technical Design,” presented at the ACSP Conference, November 2<sup>nd</sup> in Cincinnati OH
36. Michael Elliott, Jason Barringer, Catherine Ross, and Myungje Woo (2011). “Context Sensitive Solutions: Challenges to Implementation of More Robust Models of Transportation Planning” presented at the ACSP Conference, October 14<sup>th</sup> in Salt Lake City, UT.
37. Michael Elliott (2011). “Bureaucratic Power, Political Decision Making and the Institutionalization of Public Policy Conflict Management,” presented at the International Association for Conflict Management Conference, July 4<sup>th</sup> in Istanbul, Turkey.
38. Michael Elliott (2010). “Promoting Collaboration in Brownfields Redevelopment: The U.S. Environmental Protection Agency’s Facilitation Pilot Program” presented at the Urban Planning and Environment Assoc. 9th Int'l Symposium, August 4<sup>th</sup> in Guangzhou China.
39. Michael Elliott (2009). “The Effectiveness of Systemic Federal Efforts to Promote Collaboration in Local Planning and Brownfields Redevelopment: An Evaluation of the U.S. Environmental Protection Agency’s Facilitation Pilot Program” presented at the Association for Collegiate Schools of Planning Annual Conference, October 1<sup>st</sup> in Crystal City, VA.
40. Michael Elliott (2009). “The Federal Government as Agent for Promoting Collaboration in Local Planning and Redevelopment: An Evaluation of the U.S. Environmental Protection Agency’s Brownfields Facilitation Pilot Program” presented at the International Association for Conflict Resolution Conference, June 17<sup>th</sup> in Kyoto, Japan.
41. Michael Elliott (2009). “Managing Scientific and Technical Information in Collaborative Policy-Making: Learning From Local, Regional and International Experience: The Case of New Orleans” presented at the *Managing Climate Change through Collaborative Governance* Conference (Association for Conflict Resolution’s Environment and Public Policy Annual Conference), June 12<sup>th</sup> in Denver CO.
42. Michael Elliott (2008). “Roundtable: The Future of ADR in Planning Process Research and Education: Engaging the Next Generation of Scholar/Practitioners and Researchers” presented at the Annual Association for Collegiate Schools of Planning Conference, July 10<sup>th</sup> in Chicago, IL.
43. Michael Elliott (2008). “Climate Change in the 21st Century: Challenges for the Practice of Environmental Dispute Resolution” presented at the Association for Conflict Resolution’s Environment and Public Policy Annual Conference, May 21<sup>st</sup> in Tucson AZ.
44. Michael Elliott (2007). “Planning As Response To Political Culture: Impacts On Urban Design Policy and Implementation Strategies” presented at the Annual Association for Collegiate Schools of Planning Conference, Milwaukee, WI
45. Michael Elliott (2007). “Collaborative Decisions in a Fractured Metropolis: Institutional and Process Innovations for the Management of Conflict Resulting from Demographic Shifts and Spatial Transformations in U.S. Cities” presented at the International Association for Conflict Resolution Conference, July 3 in Budapest, Hungary (The paper was Runner-Up for the Best Applied Research Paper for the Conference).
46. Michael Elliott (2007). “Promoting Environmental Justice through Deliberative Democracy and Collaboration: Linking Elites and the Marginalized in Chattanooga” presented at the Association for Conflict Resolution’s Environment and Public Policy Annual Conference, June 8 in West Palm Beach, FL.

47. Michael Elliott (2007). "The Potential for Land Corridor Planning" presented at the Workshop on the Southeast US Regional Planning and Sustainability, sponsored by the Department of April 25, with follow-up presentations on the 26<sup>th</sup> and 27<sup>th</sup>, 2007 in Atlanta GA.
48. Michael Elliott (2007). Organizer and facilitator of Collaborama on Limited Water and Its Impacts on Growth, at the Georgia Planning Association Conference, Atlanta, GA, March 8.
49. Michael Elliott (2006). "Collaborative Decisions In A Fractured Metropolis: Institutional And Process Innovations For Metropolitan Governance" presented at the Annual Association for Collegiate Schools of Planning Conference, Fort Worth, TX, November 10.
50. Connie Ozawa, Sanda Kaufman, Michael Elliott and Deborah Shmueli (2006). Roundtable on Key Negotiation Concepts for Planning Practice and Research, presented at the Annual Association for Collegiate Schools of Planning Conference, Fort Worth, TX, November 10.
51. Michael Elliott (2006). Session organizers and presenter, "Intractable Environmental Disputes" at the ACR Environment and Public Policy Section Conference on Collaboration and Deliberative Democracy, Cambridge, MA, June 29.
52. Michael Elliott, Karl Herman, Jennifer Peyser, and Ric Richardson (2006). Session organizers and presenters, "The Role of Science in Deliberative Democracy and Collaborative Policy-Making" at the ACR Environment and Public Policy Section Conference on Collaboration and Deliberative Democracy, Cambridge, MA, June 28.
53. Michael Elliott and Eric Sundquist (2005). "Elites And The Grassroots: The Politics of Growth Machine and Sustainable Community Development in Chattanooga and Seattle" Presented at the Annual Association for Collegiate Schools of Planning Conference, Kansas City, MO, October 27.
54. Roundtable Organizer and Presenter, with David Booher, Xavier Briggs, Xavier, Judith Innes, and Patricia Wilson (2005). "How Does Scale Alter the Way We Understand, and Practice Collaborative Planning and Democracy?" Presented at the Annual Association for Collegiate Schools of Planning Conference, Kansas City, MO, October 28.
55. Deborah Shmueli, Sanda Kaufman, and Michael Elliott (2005). "Introducing Conflict Management In Planning Curricula. A Web-Based Course Module", Poster paper presentation at the Annual Association for Collegiate Schools of Planning Conference, Kansas City, MO, October 28 & 29.
56. Elliott, Michael (2005). "Framing Joint Fact-Finding: A Conceptual Model". Presented at the Environmental Conflict Resolution Biennial Conference, Tucson, May 25.
57. Michael Elliott and Bruce Stiftel (2005). "Societal Effects Of Collaborative Decision-Making In Florida: The Impact Of Environmental Conflict Resolution Institutions On Public Choice, Civic Culture and Environmental Management Systems". Presented at the 17th Annual Conference of the International Association for Conflict Management, Seville, Spain, June 14.
58. Roundtable Organizer and Presenter, with Christopher Honeyman, Sanda Kaufman, and Andrea Schneider (2005). "Power, Politics and the Marginalization of Conflict Management". Presented at the 17th Annual Conference of the International Association for Conflict Management, Seville, Spain, June 14.
59. Sanda Kaufman, Deborah Shmueli, and Michael Elliott (2005). "Teaching Planners about Conflict Management". Poster paper presentation at the 17th Annual Conference of the International Association for Conflict Management, Seville, Spain, June 12.
60. Elliott, Michael, Ric Richardson, Karl Herman, Merrick Hoban and Pat Field, Session Organizers and Presenters, (2005). "Framing Joint Fact-Finding in Natural Resource Disputes: Local and National Perspectives," National Environmental Conflict Resolution Conference, Tucson, AZ, May 25.

105. The Use of Mediation to Resolve Environmental Disputes: Growth, Experience and Institutional Transformation in the United States, Invited presentation before the Working Group on Mediation as a Social and Political Process, Loccum, Germany, November 24-26, 1993.
106. *Resolving Environmental Disputes through Mediation*, Invited presentation before the Special Session on Settlement of Conflicts in Environmental Projects, 7th International Conference on Environmental Technologies, Vienna, Austria, October 22, 1993.

107. *Host Community Issues with Siting Solid Waste Facilities*, Invited presentation before the Workshop on Structural Approaches to Solid Waste Facility Siting, Knoxville, TN, June 11, 1993.
108. Invited Participant, Consultation on Reconciling Conflicts between International Trade Law and Environmental Protection, Atlanta GA, May 22-23, 1993.
109. *How do we make beneficial use projects practicable?* Conference on How to Design, Fund, and Implement Beneficial Uses of Dredged Material for Habitat Restoration and Creation, New Orleans, December 1 - 4, 1992.
110. *The Social Basis of Public Policy Disputes*, Fourteenth Annual U.S. Department of Energy Low-Level Radioactive Waste Management Conference, Phoenix, November 18 - 20, 1992.
111. *Evaluation of Dispute Resolution Systems*, 20th Annual Conference of the Society of Professionals in Dispute Resolution, Pittsburgh, October 10, 1992.
112. *Political Dimensions of International Public Policy Dispute Resolution*, 20th Annual Conference of the Society of Professionals in Dispute Resolution, Pittsburgh, October 8, 1992.
113. *The Function and Conduct of Research in the Dispute Resolution Field*, Invited Presentations before the Symposium on the Cutting Edge of Environmental Dispute Resolution Profession and Future Directions, March 12-14, 1992.
114. *Structures of Conflicts and Their Management in the Conduct of Environmental Impact Assessments*, United Nations Conference on Environmental Impact Assessment, Moscow, November 25 - 29, 1991.
115. When to Call it Quits in Resolving Disputes, SPIDR Forum, Atlanta, March 3, 1991.
116. *The Atlanta Historic Preservation Dispute and Its Resolution*, Urban Land Institute Policy Forum on Consensus-Building for Growth Management, Washington, D.C., December 3, 1990.
117. How do you select and initiate the appropriate environmental dispute resolution process, and make it work? Southeast Conference on Environmental Policy-Making and Dispute Resolution, Atlanta, November 28, 1990.
118. The Impact of Growth Management Systems on Housing Affordability: New Housing Prices in California Housing Markets, Annual Conference of the Association of Collegiate Schools of Planning, Austin TX, November 2, 1990.
119. *Risk Perceptions and Management: Lessons from Experience*, An International Symposium on Hazardous Materials and Wastes: Social Aspects of Facility Planning and Management, Toronto, October 2, 1990.
120. *Techniques for Resolving Transportation Conflicts*, 60th Annual Conference of the Institute of Transportation Engineers, Orlando, August 6, 1990.
121. *Designing Site Selection Processes for Productive Community Involvement: Negotiation and Consensus in Risk Management*, An International Symposium on Hazardous Materials and Wastes: Social Aspects of Facility Planning and Management, Toronto, October 1, 1990.
122. *The Effect of Risk Perceptions on Conflict Management in the Siting of Hazardous Facilities*, presented at the Bi-Annual Conference of the International Association for Conflict Management, Athens, June 13, 1989.
123. *Resolving Government Finance Disputes in the Management of Growth*, Plenary Speaker at the Financing Growth Conference, Government Finance Officers Association, Orlando, March 6, 1989.
124. *Social Conflict Assessment in the Design of Risk Management Systems*, presented at the Annual Conference of the Society for Risk Analysis, Washington, D. C., November 1, 1988.

125. Implementing Urban Design Policy: An Assessment of Codified and Managerial Design Intervention Strategies under Varying Political Cultures, presented at the Annual Conference of the Association of Collegiate Schools of Planning, Buffalo, October 28, 1988.
126. *Managing Public Policy Conflicts in the Urban Context*, presented at the Annual Conference of the Society for Professionals in Dispute Resolution, Los Angeles, October 22, 1988.
127. *Theoretical Lessons from the Practice of Environmental Dispute Resolution*, invited paper presented at the Fourth National Conference on Environmental Dispute Resolution, Washington, D. C., June 3, 1988.
128. *Negotiating Waste Facility Siting and Permitting Disputes*, invited paper presented at the Fourth National Conference on Environmental Dispute Resolution, Washington, D. C., June 2, 1988.
129. *Hazardous Waste Facility Siting and the Community*, invited paper presented at the Symposium on A Positive Future: Hazardous Waste Management in the Pacific Northwest sponsored by the U.S. Environmental Protection Agency, Seattle, WA, October 19, 1987.
130. *Theoretical Perspectives on Dispute Resolution in Facility Siting*, presented at the Annual Conference of the Society for Professionals in Dispute Resolution, New York City, October 23, 1987.
131. *Building the Livable City: Implementation Capacity in Urban Design*, presented at the 29th Annual Conference of the Association of Collegiate Schools of Planning, Los Angeles, November 6, 1987.
132. *The Effect of Differing Assessments of Risk in Hazardous Waste Facility Siting Negotiations*, invited paper presented at the Conservation Foundation sponsored workshop on Negotiating Hazardous Waste Facility Siting and Permitting Agreements, Washington, DC, March 12, 1987.
133. *Coping with the Sponsor, the Guardian and the Preservationist*, presented at the Annual Conference of the Society for Risk Analysis, Boston, November 12, 1986.
134. *Integrating Dispute Resolution in the Environmental Impact Assessment Process*, invited paper presented at the U.S. Environmental Protection Agency's Environmental Review Conference, Atlanta, November 20 and 21, 1986.
135. *Community Approaches to Risk Management in Facility Siting*, presented at the 27th Annual Conference of the Association of Collegiate Schools of Planning, November 1-3, 1985.
136. *Managing Risk through Mediation: Coping with Perception of Risk in Environmental Policymaking*, presented at the conference on Emerging Issues in Environmental Analysis and Planning: Implications for Professional Education, April 11-13, 1985.
137. *Evaluating Citizen Participation: Illustrations from the European Experience*, presented at the Symposium on Citizen Participation in Western Europe, Washington, D.C., May, 1980.
138. Co-author (with Lawrence Susskind), *A Survey of Local Growth Policy Committees and Their Impact*, (Massachusetts Institute of Technology: Laboratory of Architecture and Planning, October 1977).

## Academic Teaching

---

---

### **Georgia Tech Graduate-Level Courses in Political Process, Planning Theory and Negotiation**

1. Research Design and Qualitative Methods (PhD core course; semi-annually, 2011 – present)
2. Theory and History of Planning (Annually, 1999 – 2010; 2016)
3. Advanced Planning Theory (PhD core course; semi-annually, 1992 – 2008)

4. Negotiation, Facilitation and Conflict Management (previously called Bargaining and Negotiation, (Annually, 1986 – 1993, 1995, 1997, 1999 – present)
5. Political and Institutional Analysis for Planners (Annually, 1990 – 1999)
6. Planning in the Intergovernmental System (Annually, 1985 – 1989)

#### **Georgia Tech Graduate-Level Courses in Environment and Urban Design**

7. Policy Tools for Environmental Management (1992, 1993, and annually 1999 – present)
8. Urban Environmental Planning and Management (Annually, 1985 – 1999),
9. Environmental Issues (1991, 1998, 1999),
10. Environmental Organizations and Political Process (Annually, 1994 – 1997),
11. Urban Design Policy and Implementation (Annually, 1989 – 1991),
12. Principles of Environmental and Energy Planning (Annually, 1985 – 1988),
13. Environmental Policy and Regulation (1985),
14. Problems in Community Planning (Annually, 1985 – 1987, 1995 and 1997), and
15. Design of the Built Environment (1988).

#### **Georgia Tech Undergraduate-Level Courses**

16. Sustainable Food Systems (Undergrad and grad co-listed, 2019)
17. Sustainability, Technology and Policy (2001)
18. Bargaining and Negotiation (Annually, 1986 – 1987) and
19. Principles of Environmental and Energy Planning (Annually, 1985 – 1987).

#### **Visiting Professor, Faculty of Planning CEPT University, Ahmedabad, India, Winter Semester, 2014**

1. Taught *Negotiation and Consensus Building* to masters-level planning, architecture and building technology students.

#### **Visiting Professor, Graduate Program in Urban and Regional Planning, University of Iowa, Iowa City, Spring Semester, 1987**

2. Convened and co-taught *Dispute Resolution* to masters-level planning students.

#### **Department of Urban Studies and Planning, Massachusetts Institute of Technology, 1980 – 1984**

3. Environmental Quality Assessment (S1980, S1981).
4. Environmental Dispute Resolution (F1980).
5. PhD colloquium in Planning and Democracy (F1983, S1984).

**Instructor Harvard Graduate School of Design and the MIT Laboratory for Architecture and Planning June, 1979; 1980; 1981**

6. Convened and jointly taught *Current Practice and Theory in Environmental Design and Planning*, a symposium for planners and architects.

**Ph.D. Principal Dissertation Committee Chair**

1. **Jessica Fisch** (2019) in City and Regional Planning. *Does Green Infrastructure Promote Equitable Development? The Mediating Role of Social Capital in Assessing Impacts*.
2. **Thomas Douthat** (2017) in City and Regional Planning. *Adaptive Efficiency in Coffee Clusters: Resilience through Global Value Chains, Agglomeration, Social Networks, and Institutions*.  
Recipient of the 2017 Association of Collegiate Schools of Planning Gill-Chin Lim Dissertation Award for the Best Dissertation in International Planning.
3. **Elizabeth Keyser** (2013) in City and Regional Planning, *Implementing Sustainability in Large Public Organizations: Impacts of Bureaucracy*.
4. **Ann Carpenter** (2013) in City and Regional Planning, *Community Resilience and Disaster Responsiveness*.
5. **Tae-Hyoung Gim** (2013) in City and Regional Planning. *Utility-Based Approaches to Understanding the Effects of Urban Compactness on Travel Behavior: A Case of Seoul, Korea*.
6. **Jaechol Kim** (2010; co-chaired with Mike Dobbins) in City and Regional Planning, *Innovation-Diffusion Processes in Urban Design Movements: Application of the Model-Prototype-Adapter Framework to New Urbanism and Neighborhood Development Practices in Atlanta*.
7. **Kathryn Frank** (2009) in City and Regional Planning, *The Role of Collaboration in Everglades Restoration*.
8. **Brian Stone** (2001, co-chaired with Lawrence Frank) in City and Regional Planning, *A Remote Sensing Analysis of Residential Land Use, Forest Canopy Distribution, and Surface Heat Island Formation in the Atlanta Metropolitan Region*.

**Ph.D. Dissertation Committee Member**

1. **Kevin Lanza** (2019). *Red Hot American Summer: Extreme Heat and Physical Activity Levels of Adults*. School of City and Regional Planning, Georgia Tech.
2. **Dana Habib** (2017). *Exploring Urban Agriculture as a Climate Change Mitigation Strategy at the Neighborhood Scale*. School of City and Regional Planning, Georgia Tech.
3. **Elora Raymond** (2017). *The Impact of Racial Segregation, Income Sorting and Risk Based Mortgage Pricing on Housing Wealth Inequality: A Comparison Between Urban Regions*. School of City and Regional Planning, Georgia Tech.
4. **Johann Weber** (2016). *Bicycle Policy Entrepreneurs: Exploring the Role of Leadership in Affecting Policy Change at the Municipal Level*. School of Public Policy, Georgia Tech.
5. **Sang Won Lee** (2016). *Metropolitan Housing Market Restructuring and Implications for Poverty Deconcentration: The Effects of Foreclosures on the Spatial Distribution of Housing Choice Voucher Residencies*. School of City and Regional Planning, Georgia Tech.
6. **Lin-Han Chiang Hsieh** (2013). *An Empirical Study of Attitudes towards Green Urban Development*. School of Public Policy, Georgia Tech.
7. **Jason Vargo** (2012). *Planning for the new urban climate: Interactions of local environmental planning and regional extreme heat*. School of City and Regional Planning, Georgia Tech.

8. **Ravtosh Bal** (2012). Public Participation in Science & Technology policy: Consensus Conferences and Social Inclusion. School of Public Policy, Georgia Tech.
9. **Erik Sundquist** (2012). *Reducing Vehicle-Miles Traveled: An Argument for Land Use as a Policy Lever*. School of City and Regional Planning, Georgia Tech.
10. **Ahmed Abukhater** (2010) in City and Regional Planning at the University of Texas, Austin, *Equity in the Context of Bilateral, International Water Allocation Treaties in Arid Regions: An Interdisciplinary, Transformative Approach to Conflict Resolution* (recipient of the *ACSP Marsha Ritzdorf Award for the Best Student Work on Diversity, Social Justice and the Role of Women in Planning*).
11. **Mitch Moody** (2008) in City and Regional Planning, Georgia's Structurally Unemployed Workers: Do State Job Training Programs Help?
12. **Lynn Patterson** (2007) in City and Regional Planning, Local Economic Development Agencies' Support for Construction & Demolition Recycling.
13. **Sheldon Gen** (2004) in Public Policy, Meta-Analysis of Environmental Valuation Studies.
14. **Sarah Coffin** (2002) in City and Regional Planning, Brownfields' Effects on the Urban Community: A Study of Land Value and the Effects of Brownfields on the Locations of Affordable Housing.
15. **Jennifer Rivlin** (2001) in Psychology, Conflict Management Climate as a Predictor of Employment Litigation.

---

---

## Pedagogical and Instructional Innovations

---

---

1. Contributor to Georgia Tech Serve-Learn-Sustain community health and sustainability initiatives, including efforts to incorporate sustainability principles and knowledge into the undergraduate Chemical and Biomolecular Engineering curriculum, developing linked courses in community health with a focus on food justice, and advising a Georgia Tech ISyE Senior Design Team on a project assisting Second Helpings (an Atlanta metro non-profit seeking to reduce hunger and food waste in the Metro Atlanta area by rescuing surplus food and distributing it to those in need) develop the skills and tools needed to expand their field of operations.
2. Member, AICP Exam Preparation Course Design Committee and Instructor for five modules related to Planning Theory. American Planning Association online course (video-taped) to assist planners in preparing for the AICP exam, 2012 to 2014.
3. Invited participant to Consortium on Negotiation and Conflict Resolution Workshop on Negotiation Pedagogy, a two day workshop (March 27 – 28, 2003) designed to explore specific approaches to teaching negotiation and to demonstrate training exercises developed by participants. Products included video tapes and support materials for use by other teachers.
4. Co-designer and author (with Guy Burgess, Sanda Kaufmann and Robert Gardner) of *Understanding Environmental Conflicts* a web-based simulated gaming training exercise that combines elements of negotiation simulations and case studies in an interactive environment designed to teach conflict frame analysis and conflict assessment. Constructed 2001 – 2003.
5. Member of the Planning and Coordinating Committee of the *Hewlett Conference on Negotiation Pedagogy* at Harvard University. This invitational conference (March 9-12, 2000) involved 100 negotiation theorists and teachers from across the country. The conference examined approaches to pedagogy, innovative teaching methods, and evaluation of the impact of these methods. Also, co-presented a three hour workshop on Innovative Pedagogical Techniques in the Teaching of Negotiation.

---

---

## Training Workshops

---

---

1. University of North Carolina at Chapel Hill (2011), Symposium on *Divided Cities and Regions: Negotiating Conflict between People, Business and Government*, Public Policy Negotiations Training Workshop, November 3<sup>rd</sup> in Chapel Hill, NC.
2. Public Policy Dispute Resolution (2 days) Sole Instructor, MS students in Conflict Management at Kennesaw State University, CM 7320: Critical Knowledge and Skills of Conflict Management, August 27-28, 2010 in Kennesaw GA.
3. *Building Collaborative Partnerships in Environmental Risk Management - A Skills Training Workshop* (3 days). Sole Instructor, Environmental Protection Agency Region 7 and EPA Office of Air Quality Planning and Standards Outreach and Information Division, September 18 – 20, 2007 in Kansas City, KS.
4. *Public Policy Mediation and Consensus Building* (2 days). Principal Instructor, University of Georgia, Fanning Institute, June 14 – 15, 2007 in Athens, GA.
5. *Building Collaborative Partnerships in Environmental Risk Management - A Skills Training Workshop* (1 day). Sole Instructor, Environmental Protection Agency (EPA) Region 9 Air Toxics Assessment and Implementation Section and the Contra Costa Health Services Department, June 20, 2007 in Pittsburg CA.
6. *Building Collaborative Partnerships in Environmental Risk Management - A Skills Training Workshop* (3 days). Sole Instructor, US Environmental Protection Agency, Region 4 Air Toxics Assessment and Implementation Section, May 15 – 17, 2007 in Nashville, TN.
7. *Building Collaborative Partnerships in Environmental Risk Management - A Skills Training Workshop* (3 days). Sole Instructor, US Environmental Protection Agency, Region 4 Air Toxics Assessment and Implementation Section, January 23 – 25, 2007 in Atlanta, GA.
8. *Advanced Mediation Training, Level 7* (5 days). Principal Instructor, Joint Environmental Mediation Service training of Palestinian and Israeli Environmental Mediators, sponsored by the Israeli-Palestinian Center for Research and Information and the Consensus Building Institute, February 24–28, 2004 in Tantur, Jerusalem, Israel.
9. *Public Policy Facilitation* (3 days). Principal instructor, Ohio Commission on Dispute Resolution Training Program for civic leaders drawn from across Ohio, December 1 – 3, 2004, Columbus, Ohio.
10. *South-East Natural Resources Leadership Institute on “Creating A Community Ethic of Collaborative Problem-Solving”*(0.5 days) Guest instructor, for natural resource protection leaders from across the Southeast, March 17, 2004 in Chattanooga, TN.
11. *Advanced Mediation Training, Level 6* (6 days). Principal Instructor, Joint Environmental Mediation Service training of Palestinian and Israeli Environmental Mediators, sponsored by the Israeli-Palestinian Center for Research and Information and the Consensus Building Institute, June 5 – 10, 2002 in Antalya, Turkey.
12. *Mediating Land Use Disputes* (2 days). Principal Instructor. Sponsored by The Lincoln Institute of Land Policy. October 24 – 25, 2002 in Miami, FL.
13. *Advanced Mediation Training, Level 5* (4 days). Principal Instructor, Joint Environmental Mediation Service training of Palestinian and Israeli Environmental Mediators, sponsored by the Israeli-

- Palestinian Center for Research and Information and the Consensus Building Institute, October 6–9, 2002 in Antalya, Turkey.

## Additional Professional Experience

---

---

**Director** **Southeast Negotiation Network**, Co-founder, Co-Director (1986 – 1999) and Director (1999 – 2016). SNN assists government, community and business leaders in the prevention and resolution of multi-party disputes through the use of mediation, policy dialogue, joint fact-finding and other forms of consensus building. These activities have focused on resolving disputes over solid and hazardous waste, siting and managing locally unwanted facilities, risk management policy, endangered species, resource management, and growth management. Clients include the U.S. Environmental Protection Agency, the Department of Energy, the U.S. Army Corps of Engineers, the National Park Service, the Army Environmental Policy Institute, the U.S. Council on Environmental Quality, the New York Academy of Science, and many local communities. Internationally, work has focused on dispute resolution training and process consultations for environmental management specialists from Europe (Estonia and Germany) and Asia (Israel and Kazakhstan), and land tenure specialists with the UNDP in Nicaragua.

**Facilitator** **Velsicol Chemical Corporation, Memphis Environmental Center, and Monsanto**, 1992 – 2002. Established and facilitated community advisory panels. Issues involve the management of chemical manufacturing facilities and the clean-up of superfund sites.

**Expert Witness** **Worley, Schwartz, Garfield and Rice**, San Diego CA, 1988 – 1990. Conducted research into the impacts of growth management legislation on the availability and cost of housing in the Southern California market.

**Environmental Consultant** **University Space Research Association**, Huntsville AL, 1988. Member of the Remote Sensing Synthesis Panel and consultant on environmental and facility siting decision making. Helped specify the user needs of a computerized geographic information system designed to integrate remote and locally sensed environmental data in both raster and vector format.

**Associate** **The Community Design Center**, Atlanta GA, 1986: with two colleagues, organized and conducted a citizen participation process in the Cabbagetown and Reynoldstown neighborhoods of Atlanta. The process was designed to facilitate planning for a two million dollar community fund.

**Program** **New York Academy of Science, Program on Science and Society**, New York City,

<b>Planner and Mediator</b>	1984 – 1986: developed and helped initiate a program in dispute resolution for coping with scientific issues associated with public policymaking, with initial application to a dispute over emissions associated with resource recovery facilities.
<b>Designer</b>	<b>Dana Hall School</b> , Wellesley MA, 1981 – 1983: developed a solar energy plan for renovating existing buildings and a design program for a new solar heated athletic complex.
<b>Environmental Planner</b>	<b>Environmental Resource Limited of London</b> , 1980 – 1981; developed recommendations for creating an environmental impact assessment process for the national government of the Netherlands, based on an analysis of the United States EIA process.
<b>Executive Assistant for Program Development</b>	<b>New York City Mayor's Office of Economic Development</b> , 1977 – 1978: under the auspices of the Deputy Mayor for economic development, coordinated the creation of an Office of Commercial Revitalization and the planning of a five million dollar comprehensive assistance program for local merchants. Served as OED liaison to the Department of City Planning and as OED project manager for grants to the New York City Chamber of Commerce.
<b>Environmental Planner</b>	<b>Marin County Department of Environmental Services</b> , California, 1975 – 1976: assessed the visual and land use impacts for alternative land use plans proposed for the 1,500 acre Hamilton Air Force Base.
<b>Program Planner</b>	<b>The Design Office of the Boston Museum of Fine Arts</b> , 1973 – 1974: developed a public information and guidance system for Museum visitors based on interviews, observation, and the testing of maps.
<b>Designer and Site Planner</b>	Architectural designs for three private residences: <b>McCabe Residence</b> , 1984, Merrimac, NH: a solar heated single-family residence, 2,100 sq. ft. on twenty acres of riverfront property. <b>Elliott Residence</b> , 1985, Hudson, NH: a conventionally heated single-family residence, 1,400 sq. ft. on a one acre lot. <b>McRoberts Residence</b> , 1975, Hollis, NH: an earth and solar heated single-family residence, 2,000 sq. ft. on a nine acre lot.
